OUR INVENTORY

We take pride in the quality of our nursery grown plants. In landscaping with these plants, you run very little risk of unsuccessful growth since the root system is well established in the nursery. The result is that plants are rich in color and healthy from the start.

We recommend wherever possible that "Nursery Grown Stock" and "Collected Stock" be used for success in the landscape. We have a great variety of sizes, and our facilities are large enough to give prompt service on large orders. **We do have some material available that is not listed in our catalog.** Please feel free to contact us if you need to check on availability of material not shown on our list. If we do not have what you need, we might be able to locate it for your landscape jobs.
